## TOWN TAX RATE FOR 1928 IS TWELVE MILLS

At the regular meeting of the town council on Monday night the tax rate for the current year was set at twelve mills, being two mills lower than last year on practically the same assessment; making the tax rate for town and school this year exactly four mills higher than that of the year 1919.

The resignation of John Spence as chief of police was accepted, same to take effect on August 11th, and the secretary-treasurer was instructed to advertise in the Calgary Albertan, Lethbridge Herald and Blairmore Enterprise for a successor.

The request of twenty-nine petitioners for the building of concrete crossings at Second, Sixth, Seventh, Eighth, Ninth and Tenth Avenue crossings was granted, tenders for this work to be called for at once.

Secretary was also authorized to call for tenders for the building of concrete sidewalks, along Victoria Street from Beebe's corner to the corner of Second Avenue and along the latter avenue southward about 350 feet.

Council decided to exchange grader and scarifier with the town of Coleman for their lighter grader for a period of one month.

An agreement was completed with the provincial department of public works, whereby the department will bear one-half the cost of re-surfacing Victoria Street.

## St. Luke's Church

Rev. A. D. Currie will conduct service on Sunday, August 12th, at 11.15 a.m.

## Blairmore's Chief of Police Resigns

John Spence, who has held the position of chief of police here for several years, has tendered his resignation to accept a position with the city police of Lethbridge, which position he will enter upon on August 15th.

## Death of Mrs. Jos. Morgan

The news came as a shock to the people of this district this morning of the death from heart failure of Mrs. Morgan, relict of the late Joseph Morgan, of Lundbreck, who passed away in the Hillcrest hospital at a late hour last night.

Mrs. Morgan was predeceased by her husband by only four months.

Up to time of going to press, arrangements for burial had not been completed, but in all likelihood the remains will be laid to rest on Saturday afternoon, beside those of her husband in Pincher Creek cemetery.

## COWLEY HAPPIENINGS

Mrs. McCabe and family, of Sir David B.C., are guests of H. C. Morrison and family. Mrs. Morrison's sister, Miss Edna Fulton, is also paying her a visit.

Mrs. Blackburn and family, of Fishburn, and Mr. and Mrs. Noel Peel, of Blairmore, were week end guests of M. A. Murphy and family.

Mr. and Mrs. Grant Smith have motored to the coast for a holiday.

G. W. Buchanan has arrived from Vancouver to spend a holiday on the ranch here.

After an illness of several weeks, Mr. James R. Irwin passed away at the Pincher Creek hospital on Friday evening. Funeral took place on Sunday afternoon from the United church, Cowley, to the Cowley cemetery. A large crowd was present to pay their last respects to the departed. Mr. Irwin was a veteran of the Great War. Many friends join in sympathy for the bereaved ones.

## DEATH OF MRS. G. H. SNOAD

Following an illness of several months, which was borne with patient fortitude, Nellie Valentine, beloved wife of George H. Snod, passed away on Thursday, August 2nd, at 2 p.m. It was two years since the deceased began to suffer from cancer, which eventually caused death, but despite the encroachments of the disease, she maintained her cheerful attitude and activity as far as she was able, and even up to a week before her death was keenly interested in all that was going on in her own family circle and in the community.

The funeral was held on Sunday afternoon, the body being conveyed from the home to St. Albans church, where the simple yet impressive service of the Anglican church was read, the Rev. A. D. Currie officiating, and the choir being in attendance. The Women's Auxiliary attended in a body. The rector referred to the Christian life of Mrs. Snod, how she had always taken the cheerful outlook even in her deepest sufferings, and her duty to her church was an example which served as inspiration to others.

The service at the church closed with the hymn "Abide With Me," following which the funeral cortège proceeded to Blairmore cemetery, many friends from Coleman and Blairmore attending. The concluding portion of the service was read, and in a beautiful spot overlooking the town the remains were laid to rest, in the heart of the hills which the deceased loved so well.

Mrs. Snod was born in Battersea, London, England, and was 34 years of age. She came to Blairmore with her parents and her wedding took place in 1912. Besides her husband and children (Ivy, George and Mabel), her mother, one sister and two brothers reside in Blairmore, her father having died seventeen years ago.

At the end of December last when her illness became more acute, she was taken to Edmonton, where an operation was performed. In February Mr. Snod brought her back to Coleman, and it was hoped that with the approaching summer her condition would improve. But despite the most tender care and medical attention, the ravages of the disease continued to impair her health. It was about a week prior to her death that she finally took to her bed, and up to within a very short time of the end she took a wonderful interest in all that went on. About noon she lapsed into unconsciousness, and the end came peacefully two hours later.

Floral tributes were sent by the following: From Calgary—Carlie & Farr, Lougheed & Taylor. From Coleman—Daddy and children, Mr. and Mrs. Joe Plante and family, Mr. and Mrs. J. M. Rushton and family, Mr. and Mrs. Paul Baron and daughter, Mr. and Mrs. F. Graham, Mrs. A. D. Gate, Rev. A. D. Currie and Mrs. Currie, Mrs. Cartwright, Mr. and Mrs. Jas. Scott, Mr. and Mrs. Carl Johnson and family, Mr. and Mrs. Danyuk and family. From Blairmore—Mother, Charlie, Jack and Doris; Mr. and Mrs. F. M. Thompson and family, Mr. Tiberg and family, Mr. and Mrs. H. Pinkney, Mr. and Mrs. J. W. Gresham, Mr. and Mrs. B. Sessler, Mr. and Mrs. D. A. Howe and family, Mr. and Mrs. D. C. Drain, Mr. and Mrs. Thresher and daughter, Couts; Mr. and Mrs. W. E. Read, Pincher Creek; Mrs. White, Pincher Creek. The following organizations—Senior W.A., St. Albans, anchor; and Junior W.A., cross; Officers and members Rocky Mountain Lodge No. 86, A. F. & A. M., Blairmore; Coleman Boy Scouts.

The new school building at Michel is nearing completion and is one of the finest in British Columbia. The Knapman Plumbing Co. of Blairmore, did the plumbing.

## "DAWN" TO BE PRESENTED AT ORPHEUM FRIDAY & SATURDAY

Positively the biggest film attraction the world has yet produced is Herbert Wilcox's production, "Dawn," with Sybil Thorndike as "Nurse Cavel," which will be shown at the Orpheum theatre here on Friday and Saturday nights of this week, with matinees on Saturday afternoon.

The story of the film is probably too well known to be further repeated here, and the picturisation of it should speak more than words.

## ROLLING MILL PLANNED FOR MEDICINE HAT

The Medicine Hat city council has informed by the Manitoba Rolling Mill Company, of Winnipeg, that plans are in course of preparation for the reconstruction of the mill located in Medicine Hat, including the installation of an open hearth furnace. The company is considering the use of electricity in preference to steam for the operation of the plant and is negotiating with the city for the amount of electrical power required.

## CHIMNEY SWEEP BREAKS LEG

A man who had secured the contract to clean the chimney of the central school building, had the misfortune on Friday at noon to fall from the chimney to the roof, a distance of only four feet, and break his right leg at the knee. Fortunately for him, the small section of flat roof was large enough to accommodate him, or he would have fallen to the ground below, a distance of about thirty-five feet, and probably been killed.

The doctor was called and in a few moments the Blairmore First Aid equipment was on the spot ready for action. With difficulty the man, lashed to a stretcher, was lowered through a small hatchway on the roof to the second floor of the building. He was then rushed to the hospital, where he is being cared for and doing well.

Constable W. D. Munton returned Tuesday morning from Portage la Prairie, Manitoba, whether he had accompanied two twelve-year-old lads of Bellevue for a term in the reformatory. The lads were found in possession of a quantity of goods stolen from various stores and premises in Bellevue and Hillcrest.

## HYSLOP'S

### Leaders in Hosiery and Lingerie

We have received our first Fall shipments in our leading lines of Full Fashioned Hose and Peter's Hyloom Bloomers. Our stock is therefore complete now in all sizes and in the popular colors for the ensuing Fall Season.

## SEVENTH FORTNIGHTLY

## ALBERTA CROP REPORT

(Issued by Department of Agriculture, Government of Alberta, Edmonton, August 4, 1928)

Wheat cutting will be fairly general in all sections of the province by August 20th, according to telegraphic reports received on Friday by the department of agriculture for the seventh fortnightly crop report of the season. Wheat is filling well under the influence of intermittent showers and warm weather since the last report and early sown fields are turning color rapidly. Harvesting of fall wheat has started in some southern districts and a very satisfactory yield is reported, although this was affected to some extent by the unusual drought during the month of May.

A good deal of the fall rye crop is in stack, and a good average yield is expected when this is threshed. Heavy stands of oats and barley are reported, and harvesting of these grains will be general during the last week in August.

Limited areas through the central and southern parts of the province have been visited by damaging hail storms during the past ten days, but the injury to crops from this source is considerably less than at the same date last year. The 1928 crop has been particularly free from the attacks of insects and disease pests.

Cutting of early wheat has commenced in some districts in the Peace River and later crops are receiving the benefit of good rains which are expected to bring the yield of both wheat and coarse grains up to the average.

The first cutting of alfalfa is in stack in Southern Alberta and the second crop is making rapid growth. Sugar beets are recovering well from the setback occasioned by the excessive rainfall of June and are promising a very satisfactory yield. Pastures are having an exceptionally good season, as a result of which livestock is in very good condition in all sections of the province.

## DID YOU EVER STOP TO THINK?

(By Edson R. Waite, Shawnee, Oklahoma)

That the two most important things for the success of a business is to have the right kind of goods and then let the public know about it in the right way.

That the merchandise that sells the best throughout the year is the merchandise that is advertised throughout the year.

That every concern should give their business a chance to grow, DO IT BY ADVERTISING!

That when reason and common sense prevail in business, progress is assured.

That advertised goods are today in the favor of the consumer because the consumer has become acquainted with them through persistent advertising and has learned to like them.

That the use of advertised goods has caused an appreciation of their high quality and splendid value.

That buying advertised goods makes shopping mistake-proof.

That advertising helps the people to economize.

That successful business has been based on the rock of high quality goods and persistent advertising.

The store of advertised goods makes quality its first and last consideration.

## BUYING A TOWN

A town that never has anything to do in a public way, is on the way to the cemetery. Any citizen who will do nothing for his town is helping to dig the grave. A man that curses the town furnishes the coffin. The man who is so selfish as to have no time from his business to give to city affairs is making the shroud. The man who will not advertise is driving the hearse. The man who is always pulling back from any public enterprise throws bouquets in the grave. The man who is so stingy as to be howling about hard times, preaches the funeral, sings the doxology, and thus the town lies buried from all sorrow and care. —The Cumberland, B.C., Islander.

## UNIVERSITY TO OPEN

SEPTEMBER 26

Lectures for the 1928-29 term of the University of Alberta will commence on Wednesday, September 26, according to the calendar which has been issued during the past year. Registration of first-year students and new students for the second year will take place on September 24 and 25 and registration of all other students on September 25 and 26.

The last day for receiving applications for supplemental examinations is fixed as August 21, the date on which these examinations begin. The autumn matriculation examinations will commence on August 27.

FROM THE LETHBRIDGE HERALD TWENTY YEARS AGO

Mr. W. S. Stanley, manager of the District Ledger, Fernie, B.C., came to the city last night to make arrangements for the publication of his paper until he is able to get an office building and secure a plant. Mr. Stanley had very little fresh news to tell about the disaster in Fernie, but he is quite optimistic about the future of that city. He says that preparations are under way for the rebuilding of the city, and it will not be very long before a number of the buildings are ready for occupation. Up to the time Mr. Stanley left Fernie last night nine bodies had been discovered in West Fernie and four in the Fernie Annex. The bodies of Walter Ford and his wife and children were found in a well back of their home. It is surmised that they jumped into the well when the heat became so intense that they could stand it no longer.

Dead cows and horses are to be found all over the town, Mr. Stanley says. The loss incurred, including lumber in the mountains, will be about \$6,000,000. When he came through Hosmer and Michel last night these towns were practically out of danger, the fire having about exhausted itself.

The majority of the Fernie people are at Cranbrook. Five hundred have been sent to Nelson. Quite a number came down last night as far as Macleod.

## MY CITY

My city is where my home is founded, where my business is situated, where my vote is cast, where my children are educated, where my neighbors dwell, and where my life is chiefly lived.

It is the home spot for me. My city has a right to my civic loyalty. It supports me and I must support it.

My city wants my citizenship—not partisanship; friendliness—not offensiveness; co-operation—not dissension; sympathy—not criticism; my intelligent support—not indifference.

My city supplies me with law and order, trade, friends, education, recreation, and the rights of a free-born citizen. I should believe in my city and work for it.

And I will. —The City Builder.

The marriage of Mrs. A. Goodwin to Mr. B. Milnes took place at Bellvue on Saturday, July 28th, Rev. J. L. Wright officiating.

## CALGARY FLOWER FESTIVAL

## APPEAL PENDS ON TAX ON CARS BY MUNICIPALITY

Western Canada's greatest flower festival will be held in Victoria Pavilion Annex, Calgary, Tuesday, Wednesday and Thursday, August 28th, 29th and 30th, and the Calgary Horticultural Society, which is sponsoring the big flower and vegetable exhibition, is inviting every town and every district in Alberta to be represented by a display.

Last year the festival included exhibits from Beaver Lodge, Edmonton, Strathcona, Ponoka, Red Deer, Olds, Hanna, Drumheller, Brooks, Medicine Hat, Claresholm, Lethbridge, High River and other places. It was the most representative Alberta horticultural exhibition held up to that time.

This year the indications are that the range of the collections will be still larger.

The purpose behind the festival is the practical education of the people of Alberta and visitors to Alberta as to the rapidly increasing list of flowers, fruits and vegetables which may be grown successfully in this province. The varieties produced in some districts amaze those who see them, and as a matter of record, a revolution in Alberta's horticultural status has taken place within the last twenty years and further changes for the better are taking place year after year.

This is to be taken as an official invitation to this district to be represented at the Calgary Flower Festival, August 28th to 30th, and those who are interested are invited to write C. A. Hayden, president of the Calgary Horticultural Society.

The festival is held in an ideal building, very large, with cool cement floors, airy and lighted just right. The Calgary society undertakes where necessary to help stage display and too keep them fresh.

## WILL COLONIZE

## HUDSON'S BAY LANDS

Over 400,000 acres of land owned by the Hudson's Bay Company in the Vermilion and Alexandra districts have been withdrawn from the market for colonization purposes. A

survey of these lands has recently been made by agents of the company with the object of carrying out a plan of settlement similar to that adopted in the Clan Donald colony.

A small area will be broken on each quarter, comfortable farm buildings will be erected, a well will be drilled and the land fenced, and settlement will commence as soon as the improvements have been completed. The intention is to have the entire colony of 250 families of British settlers placed on the land between now and next spring and in time to harvest the first crop from their cultivated land in 1929.

## JAMES R. IRWIN LAID TO REST

The funeral of the late James R. Irwin, who died in the Pincher Creek hospital on Friday, following a brief illness, took place on Sunday afternoon last at Cowley, and was very largely attended. The members of the L.O.O.F. and Rebekahs attended in a body, Mr. Irwin being a member of Blairstown Lodge No. 68. The remains were laid to rest in the Cowley cemetery.

Mr. Irwin is survived by his wife and one daughter.

Prior to taking up farming and chicken raising in the Cowley district, Mr. Irwin was for a number of years chief of police at Blairmore, and was very well known and highly respected throughout this district.

## WE SAW

Bob Gray, Tommy Barnes, Ole Olson and Teddy Royle sitting around a beer table one time. Ten dollars is offered for the correct guess at who bought.

"Aren't rosy cheeks a sign of good health?"

"I should say they are."

"Well, I saw a girl the other day

who was a lot healthier on one side

than on the other."

## HOW EDITORS GET RICH

Once again we are forcibly reminded of just how editors get rich. Here it is in a nutshell:

There is a child born in the neighborhood. The attending physician and nurse get \$10 each; the editor gives the loud-lunged youngster a great send-off and gets \$0.00. It is christened and the minister gets \$5, while the editor gets \$0.00. It grows and marries, and the editor publishes another long-winded, flowery article, and tells a dozen lies about "the beautiful and accomplished bride." The minister gets \$10 and a piece of cake; the editor gets \$0.00 and a request to carry the groom's subscription account another year. In the course of time she dies. The doctor gets from \$25 to \$100; the undertaker \$220. The editor publishes a notice of the death, an obituary two columns long, another column of letters of sympathy from various lodges and private parties, a lot of terrible poetry, and a card of thanks, all of

which cost in actual labor \$22.50, for which he receives \$0.00. No wonder so many country editors get rich.

## ANOTHER BAN ON TOURIST TRAFFIC SUGGESTED

The R.C.M.P. at Waterton Lakes have been instructed to enforce the Lord's Day Alliance Act, whereby all stores would be prohibited from selling on Sunday. Thousands of people usually arrive at Waterton Lakes on Sundays or late Saturday nights for the purpose of camping and in ninety cases out of a hundred they are short of something in the provision line, and it is not boosting the holiday resort any to place such an obstacle in their way.

Wife (tearfully): "I think it's perfectly horrid for you not to admire my new dress. Everybody says it's charming." Hubby: "Your friends, my dear, pay compliments, but I pay bills."

**HUMAN RACE MADE BY SOIL**

EVANSTON, Ill., July 30.—Size  
and other physical characteristics, as  
well as the health of the people, is  
dependent upon the soil which yields  
their foods, Dr. Jacob G. Lippman, of  
Rutgers university and director of the  
New Jersey agricultural experiment  
station, said today at the  
American chemical society institute.

In parts of Switzerland, he said, a  
deficiency of iodine in the soil caused  
dwarfedness and feeble-mindedness.  
In other places insufficiency of sul-  
phur, or lime phosphorous, left marks  
in the race characteristics of the peo-  
ple.

**THE MEASURE OF A MAN**

Not "How did he die?" but "How  
did he live?"

Not "What did he gain?" but "What  
did he give?"

These are the units to measure the  
worth

Of a man as a man, regardless of  
birth.

Not "What was his station?" but  
"Had he a heart?"

And "How did he play his God-given  
part?"

Was he ever ready with a word of  
good cheer,

To bring back a smile to banish a  
tear?

Not "What was his church?" but  
"What was his creed?"

But "Had he befriended those really  
in need?"

Not "What did the sketch in the  
newspapers say?"

But "How many were sorry when he  
passed away?"

**THE BANKER'S DICTIONARY**

Advertising manager: The man  
who reads the bank's advertisements.

Auditor: A person who is puzzled  
brown.

Cashier: The fellow with the brass  
rail around him.

Compound interest: A new steno-  
grapher.

Coupons: Little slips of paper in-  
vited to throw-tellers out of balance.

High finance: Transactions on the  
mezzanine floor.

Junior officer: The son of an of-  
ficer.

Personnel: Those to whom courtesy  
pamphlets are handed at regular in-  
tervals.

Purchasing agent: The fellow who  
smokes the 25-cent cigars.

Safe deposit: One consisting of cur-  
rency, victory bond coupons and cer-  
tified checks drawn on you.

Salary: A term erroneously used  
to describe the contents of the weekly  
pay envelope.

Service: Leather check book covers.

For a printer's error, the following  
appearing in one of our exchanges re-  
cently takes the cake: "My wife, Eliza-  
beth Jean, having without cause left my  
bed and board, I will not hereafter be  
responsible for any bills contracted by her. This advertise-  
ment is not inserted by the Alberta Liquor  
Control Board or by the Government of  
the Province of Alberta."

Dad Harrison says the Elanks are  
having difficulty effecting a balance  
of the affairs in connection with the  
recent carnival. Seven hairs off one  
coconut are missing.

**MIGRATORY BIRDS  
CONVENTION ACT**

A summary of the Migratory Birds  
Convention Act is given below. This  
is the law which is based upon the  
treaty with the United States. Any  
enquiries concerning this law may  
be addressed to the Commissioner,  
National Parks of Canada, Depart-  
ment of the Interior, Ottawa.

Open seasons, both dates inclusive,  
on ducks, geese, coots, Wilson's or  
Jack-snipe—Alberta; north of Clear-  
water and Athabasca Rivers; Sep-  
tember 1st to December 14th; south of  
the Clearwater and Athabasca Rivers; Sep-  
tember 15th to December 14th.

There is a closed season in the  
provinces of Saskatchewan and Al-  
berta on swans, wood duck, elder  
duck, crane, curlew, willet, godwits,  
upland plover, black-bellied and golden-  
plover, greater and lesser yellow  
legs, avocets, dowitchers, knots, oyster-  
catchers, phalaropes, surfbirds,  
of all other shore-birds not provided  
with an open season in above schedule.

There is a closed season through-  
out the year on the following non-  
game birds: Auks, auklets, bitterns,  
fulmars, gannets, gretes, guillemots,  
gulls, horned, jaegers, loons, murres,  
petrels, puffins, shearwaters, terns;  
and there is a closed season throughout  
the year on the following insectivorous  
birds: Bobolinks, catbirds,  
chickadees, cuckoos, flickers,  
flycatchers, geese, hummers, kingbirds,  
martins, meadowlarks, nightingales or  
bulbs, or bull-bats, nuthatches,  
orioles, robins, shrikes, swallows,  
swifts, tanagers, titmice, thrushes,  
vireos, warblers, waxwings, whip-  
poor-wills, woodpeckers and wrens,  
and all other perching birds which  
feed entirely or chiefly on insects.

No person shall kill, hunt, capture,  
injure, take or molest migratory  
birds during the closed season. Sale  
of these birds is forbidden.

The killing, capturing, taking, in-  
juring or molesting of migratory in-  
sectivorous and migratory non-game  
birds is prohibited. The possession  
of legally taken migratory game  
birds is allowed in Alberta until  
March 31st, following the open sea-  
son, and in Saskatchewan until the  
last day of February following the  
open season.

Daily bag limits, for Alberta—  
Ducks 30 in one day and no more  
than 200 of all kinds in a season,  
geese 15, coots 25, Wilson's snipe 25.

The use of automatic (auto load-  
ing), swivel or machine guns, or  
battery, or any gun larger than number  
10 gauge is prohibited; and the use  
of any aeroplane, power boat, sail  
boat or night light, and shooting  
from any horse-drawn or motor ve-  
hicle is forbidden.

The shooting of migratory game  
birds earlier than one hour before  
sunrise or later than one hour after  
sunset is prohibited.

Every person who violates any  
provision of this act or any regulation  
shall, for each offence, be liable upon  
summary conviction to a fine of not more than three hundred dol-  
lars and less than ten dollars, or to  
imprisonment for a term not exceeding  
six months or to both fine and im-  
prisonment.

The shooting of migratory game  
birds earlier than one hour before  
sunrise or later than one hour after  
sunset is prohibited.

Tom Heene lost through the  
knockout route with Gene Tunney,  
but he won without a knockout, per-  
haps, in a contest with Miss Marion

Dunn, of Spring Valley, N.Y.

The Albertan remarks: "Roddy Mc-  
Donald expects to make a better  
showing in his next bout in Nova  
Scotia. If someone will persuade  
Roddy to get his hair cut, it would  
take a load off his mind and incident-  
ally give him a much clearer view of  
his opponent."

**UP AT MAMMA**

There was a young lady in Hanner  
Who slipped on a peel of banana.

The things that she said  
Aren't fit to be read  
In a C.G.I.T. girls' camp banner.

Suppose you heard about the  
greenhorn, who, after hearing con-  
versations about golf courses and  
greens, decided he'd give the game a  
try. Looking for a green, he finally  
landed on top of the big table in  
Val's poolroom, but found Val in  
the fairway of a billiard ball.

A rather stout lady was looking  
at a small thoroughfare, uncertain of  
the permission of its use for pedes-  
trians. Approaching a man standing  
close by, she said: "Do you think I  
will be able to go through there?"  
"I should think you will," he re-  
plied. "A ten ton truck just went  
through."

She: "But, dear, no woman wants  
to look as though her dress came out  
of the ark."

He: "No, but you'll go on  
much farther, you'll look as if you  
came out of the garden of Eden."

A group of workmen were discussing  
the evolution and origin of man.  
One of the party remained silent,  
when a companion turned to him and  
demanded his opinion.

"I ain't goin' to say," he replied,  
doggedly. "I remember as 'ow Henry  
Green and me threshed that out once  
before and it's settled as far as I'm  
concerned."

"But what conclusion did you come  
to?"

"Well," he said slowly, "we didn't  
arrive at the same conclusion. Henry,  
he arrived at the 'ospital, an' me at  
the police station."

An old Scotman, who always hasti-  
ly drank his whiskey to the last  
drop as soon as it was poured out,  
was asked, "Why do you drink your  
liquor in that quick, eager way?"

"Well, you see," replied the Scot,  
"I once had a knocked over!"

Mixed Headings

A New York paper used to print  
its shipping news on the same page  
with the obituaries. That is not so  
incongruous ships coming in and  
departing souls going out.

However, one morning the headings  
of these columns became transposed,  
and the one that was published over a  
long list of eminently respectable  
persons who had passed on, carried a  
snappier heading than usual. It read:  
"Passed Through Hell Gate Yester-  
day."

**Heavy Laden**

A friend who has just returned  
from a holiday in Cornwall tells me  
of a notice which was displayed out-  
side a village church. It read:

"On Saturday night a concert will  
be held, to be followed by a panty  
supper. On Sunday morning the vicar  
will preach and his subject will  
be, 'A Restless Night'."

**Enviable Situated**

"Howdy, Laf!" saluted an ac-  
quaintance. "How's everything?"

"Finer'n frog hair," returned Laf-  
Lagg, of Booger Holler. "O' course, it  
was so wet last spring that I didn't  
raise nuthin' worth braggin' about,  
and wife's got a risin' in her head  
and ain't no 'count for nuthin' a  
couple of the count for nuthin' b'yisted'y and are yellin' about it yet,  
my brother-in-law took a notion to  
do on me not long ago and massa-  
d the place up scan'lous, the south end  
of the house got burned off one night  
last week, our only cow choked to  
death tudder day, and such like."

"But a couple of my hounds have  
got six pups apiece. Purtest l'il  
scallawags you ever laid your eyes  
on!"

Dr. H. A. McDonald, of Vancouver,  
formerly of Blairmore and Hillcrest,  
spent a few days last week with his  
daughter at Hillcrest, Mrs. Hender-  
son.

Experienced

A young barrister, conducting his  
first case, and pleading drunkenness  
as his client's defense, began his  
speech:

"M'lord and gentlemen of the jury,  
you all know what it is to be drunk."

Just Lazy

"Rastus, your dog seems to be in  
pain."

"No sub, he ain't in pain—he's  
just lazy."

"But surely he must be suffering,  
or he wouldn't howl like that."

"Jes' plum laziness, jes' laziness;  
he's sittin' on a thistle."—Every  
body's

Three baby Italian-Canadians arrived  
in Blairmore through the storm  
route in one day last week.

It is said that knee-length skirts  
have reduced motor accidents fifty  
per cent. Now, wouldn't it be nice  
if all accidents could be prevented  
entirely.

Smashup wild. In Quebec, got  
away to a good start when several  
thousand members of the Bataille  
Clubs paraded the streets of the old  
city and later some 1,300 snow-  
shoe men in full winter gear  
descended on the village. The walls  
defended by the garrison and illum-  
inated by a brilliant fireworks  
display, the chief center of interest  
was the old fort.

### A Great Achievement

Keen interest has been aroused in all parts of Canada by the announcement made at Victoria, recently, by Sir Henry Thornton, President of the Canadian National Railways, that, as a result of some years of study and work, a plan will be submitted to the Government and Parliament in the very near future providing for the financial reconstruction of the national system of railways, a plan which, in the words of the C.N.R. president, "will, in perpetuity, relieve the C.N.R. from being any further drag upon the treasury of Canada."

As a matter of fact, the financial reconstruction of the Canadian National Railways has been proceeding apace for some years past through the making of amicable arrangements with stockholders and bondholders of several of the railways now incorporated in the national system. These arrangements were a necessary preliminary step to a final consideration and development of a plan whereby the system could be relieved of the huge burden imposed upon it by reason of its heavy over-capitalization.

In considering the Canadian National Railways, it is always to be remembered that it was not constructed, like the Canadian Pacific, as one operating unit. On the contrary, it is the result of the amalgamation of several different systems, with lines often duplicating each other in the same territory, with duplicate sets of shops, round houses, stations, and other equipment. Thousands of miles of the system were built, not for purely commercial reasons, but as a feature of national policy for the opening up, colonization, and national development of the Dominion. Some portions were built for strategic national reasons rather than the maintenance of the lines to be secured to development.

Under the circumstances, it was not surprising, but rather to be expected, that such mileage would be concentrated at a deficit. Year by year these deficits have been charged up against the lines which ultimately became part and parcel of the present Canadian National Railways. These individual systems were, in reality, bankrupt when the Government was compelled to take them over to prevent a catastrophe and financial disaster which would have shaken the Dominion and all but ruined its credit in the money markets of the world. Had these railways remained in private ownership and passed into receiverships, there would have been a drastic writing down of capitalization and holders of the stocks and bonds would have had to take their losses, while the Dominion itself would have lost all the many millions loaned to them.

It has long been forecasted that, if the Canadian National Railways were ever to earn sufficient revenues to meet interest charges on its capitalization, the financial structure of the system would have to be reconstructed so as to more nearly bear some relation to the actual physical value of the system as a going concern. But, as already stated, certain arrangements with the stock and bond holders of the old railways had to be negotiated if Canada was to escape the stigma of having broken faith with these investors and the accusation of being guilty of a policy amounting almost to repudiation.

Neither Sir Henry Thornton, nor Hon. C. A. Dunning, Minister of Railways, has given any hint of the nature of the proposals to be laid before Parliament, and the people of Canada, as reflected by the editorial expressions of papers on all sides of politics, are decidedly friendly to the development of an early rail-reconstruction plan, which will give the management of the national railway a fair chance to make the system self-supporting and ultimately a profit-making enterprise.

When Sir Henry Thornton, at the request of the Mackenzie King Government, accepted the presidency and management of the Canadian National Railways, it was still in a state of disorganization. From an operating standpoint it had to be completely reorganized. At that time it was not only not earning one cent of interest on its outstanding stocks and bonds but it was being operated at an actual loss year after year, which loss had to be put up in cold cash out of the Dominion treasury. Next to the war debt of Canada, it was the greatest burden imposed on the Canadian people. The outlook was blue indeed, and many people feared it would bankrupt the Dominion.

Therefore, before any permanent reconstruction of its financial system could be undertaken, it was not only necessary to effect the arrangements already referred to, but even more necessary that these annual losses in operation be stopped. It stands to the credit of Sir Henry Thornton that in this he was markedly successful. Operating deficits ceased some years ago, but it was being operated at an actual loss year after year, which loss had to be put up in cold cash out of the Dominion treasury. Next to the war debt of Canada, it was the greatest burden imposed on the Canadian people. The outlook was blue indeed, and many people feared it would bankrupt the Dominion.

Addressing a meeting in a Saskatchewan town last month, Sir Henry Thornton stated that the surplus this year would be the largest in the history of the system, and that the outlook for the future of the road as a road and very valuable asset of the Dominion was never brighter, and this despite increased wages to employees and lower freight rates imposed by the Railway Commission.

The final and definite financial reconstruction of the whole system, and the resultant establishment of the Canadian National Railways as a self-supporting, publicly-owned transportation utility, will not only give the greatest satisfaction to the taxpayers of Canada, but it will prove a guarantee to the whole world of the financial stability and strength of the Dominion, and be added as another great Canadian achievement.

### Red River Voyager Dead

#### One Of Last Survivors Of Courageous Northern Adventures

One of the last of the Red River voyageurs, Eli Carriere, 89 years of age, died recently at Winnipeg, following a few weeks illness. Carriere was one of the band of intrepid and courageous men organized by the Hudson's Bay Company to direct the

carrying of freight to Far Northern Canada and to return with the fur catch.

He assisted Colonel William Kennedy to organize the Red River Voyageurs, which went to Egypt in the eighties.

### Indians Surrender Lands

#### 12,000 Acre Blocks In Saskatchewan To Be Sold

W. M. Graham, Indian Commissioner for the Prairie Provinces, announces securing the surrender of 12,460 acres of land on the Little Black Bear Reserve in the Balaclava, Sask. district. It is all good farming land, but much too extensive for the 40 persons then in possession. The land will be sold at public auction and the proceeds applied to improve the living conditions of the Indians.

A great deal of time is wasted by urging the other fellow to have common sense. If he hasn't common sense, he won't get it, so let him alone.

### League Is Fighting Illicit Drug Traffic

#### New International Convention Goes Into Effect In September

A general world-wide tightening-up of the illicit "dope" traffic is scheduled to take place when the League's annual international opium and harmful drugs convention goes into effect on Sept. 25th.

Although the convention was launched in 1925, provisions were made that it could only become effective when ratified by at least 10 states of which seven must be members of the League council including two permanent members.

To date the convention has been ratified or adhered to by nearly 30 states but it was only Canada's recent ratification that gave the necessary number of council members.

### THE UNTOUCHED MEAL

#### People Who Go Hungry With Food On The Table

"I simply cannot eat." Actual tragedy is experienced by those suffering, so often, from bad, because loss of appetite is the beginning of trouble that sooner or later reveals itself as indigestion, nervous dyspepsia, with violent headache and other serious symptoms. Loss of appetite, whether a man or woman, is a symptom you dare not ignore. You do much suffering is sure to follow.

The secret of a good appetite—the secret of keeping well—is to keep up the quality of the food. By taking and satisfying the body, Dr. Williams' Pink Pills supply strength to the enfeebled organs of digestion and enable them to digest thoroughly the food eaten. They relieve pain or distress. Proof of this is given by Mr. William H. Kelly, Kingston, Ont., who says: "I cannot remember when Dr. Williams' pills too high. I have been bothered with indigestion in a chronic form for almost ten years. Everything I would eat turned sour. I would feel that there was a ball in my stomach all the time. I felt tired and weak and would often turn dizzy. I doctor and tried many remedies, but nothing would make me better, but to no avail. One day I heard a lady praising Dr. Williams' Pink Pills and I decided to try them. I am now glad to tell you I have found relief and am again taking the pills for a couple of months the trouble has disappeared, and now I can eat all kinds of food, and have again my appetite."

Send For These Health Books. Two useful books, "Building Up the Blood," and "What To Eat and How To Eat" will be sent free by the Dr. Williams' Pink Pill Company, Brockville, Ont., if you mention this paper.

Dr. Williams' Pink Pills are sold in all dealers in medicine or will be sent by mail, post paid, on receipt of price, 50 cents per box.

### First Woman Air Pilot

#### Lady Heath Employed By Royal Dutch Air Lines

Lady Heath, noted British air woman, has been engaged by the Royal Dutch Air Lines as a pilot for the passenger air service. She is the first woman to be so employed.

Lady Heath, the former Mrs. El-Hott Lynn, is the wife of Sir James Heath, ironmaster and colliery proprietor. She arrived at Croydon on May 17, from Cape Town, South Africa. Completing a 10,000 mile solo flight started February, she was the first woman to fly the length of the African continent.

For Scalds Or Burns—Dr. Thompson's Electric Oil is a standard remedy for the prompt treatment of scalds and burns. It is a strong power quickly stopping the pain and aiding rapid recovery from the injury. It is also an excellent remedy for all manner of cuts, bruises and sprains, as well as swellings, and other ailments that follow disorders caused by worms in the stomach and bowels.

Miller's Worm Powders are a prompt relief from the attacks of worms in children. They are painless and easily received, and are nothing to be desired as a worm expellant, having an invigorating effect upon the youthful system, remedying fever, chills, fits, spasms, appetitelessness, and other ailments that follow disorders caused by worms in the stomach and bowels.

For the wood of the balsam fir is very light in color, and being odorless, is very suitable for boxes intended for packing food materials.

### SUMMER COMPLAINT

#### Nearly Lost Her Little Girl

Mrs. Theodore Rivett, Anthony, Ont., writes: "Last Fall I nearly lost my little girl as the result of a summer complaint. She became very thin and weak, had no appetite, and could hardly walk across the room without falling down. At last my mother advised me to get a bottle of

and after she had taken a few doses she was relieved.

She also found it a grand remedy for cramps, and could not be without a bottle of it in the house for anything."

Has been on the market for over 20 years; put up only by The T. M. B. Co., Limited, Toronto, Ont.

### ST. CHARLES MILK

Unsweetened

### Recipes For This Week

(By Betty Barclay)

#### SCALLOPED EGGS AND CHEESE

4 eggs.

1/4 cup grated cheese.

1/4 cup soft bread crumbs.

1/4 teaspoon oil.

1 cup white sauce.

Few grains cayenne.

Break the eggs into a buttered baking dish and cook in hot oven until they begin to turn white around the edge. Then cover eggs with white sauce, and over this the mixture of crumbs, cheese and seasonings. Brown in very hot oven, so eggs will not be overcooked by time cheese is brown.

**ROLY-POLY**

2 cups flour.

4 teaspoons baking-powder.

1 teaspoon salt.

4 tablespoons butter.

1/4 cup milk, scant.

1/2 cup sugar.

4 oranges.

Grated rind 1 orange.

1/2 cup water.

Mix and sift flour, baking-powder, and salt. With tips of fingers rub in two tablespoons butter, and mix to a dough with milk. Roll out half inch thick, and cover with small pieces of orange pulp. Mix sugar, orange rind and remaining butter, and spread over the roll. Fold in half. Roll up; pinch ends together; place in baking-dish; sprinkle with remaining sugar; surround with water, and bake about thirty minutes. Serve with an orange or lemon sauce.

**The Terror Of Asthma**

comes like a thief in the night with its dreadful throttling, robbing its victim of breath; it seems beyond the power of man to relieve under such trying circumstances. A special preparation, Dr. J. D. Kellogg's Asthma Remedy. Then relief comes with a rush. It becomes worth living, and the remedy can be taken permanently; the disease is put permanently to rout. Take no substitute.

**Quite Possible**

"The evening wore on," continued the man who was telling the story.

"Excuse me," interrupted the woman, "but can you tell me what the evening wore on that occasion?"

"I don't know that it is important," replied the story-teller, quite unperturbed. "If you must know, however, I believe it was the close of a spring day."

For every dollar Canadian tourists spent in the United States in 1927, American tourists spent four dollars in Canada, it is said.

### Much Like Human Beings

#### Fish Have Some Ailments and Require Lots Of Exercise

"Fish are very much like human beings. People who have them for pets should realize this and give them some consideration," says Miss Ida M. Mellen, America's only woman fish doctor.

"Fish suffer from much the same ailments that the human species do and they cannot exist if their conditions of life are uncomfortable."

"We hear a lot about people from fish. Take the matter of exercise. If fish get lazy and won't exercise, they get sick. To remedy this, we give them a change of scenery. You would be surprised how a more attractive swimming ground and an extra amount of sunlight arouses their enthusiasm."

"If fish eat too much of the wrong food, they get indigestion just like humans. And, like humans, they have to take castor oil. I have had fish hold it in their mouths and spit it out later, rather than swallow it. We have to watch them just like children to see that they get their medicine."

"An excellent motto to make sure your pet fish has good care is, 'Try to imagine yourself in his place. That makes you think.'"

### Would Be Sensible Law

#### Motor Brakes Should Have To Pass Certified Tests Regularly

It is strongly suggested that the time is coming when the near future when brakes must be tested and certified regularly; and the careful motorist will make no objection.

When it is remembered that 800 people were killed or injured in automobile accidents in the United States alone last year and the fact that faulty brakes cause a majority of all accidents, the need for a law of this kind may be realized. It is the height of folly to drive with faulty brakes.

The Terror Of Asthma comes like a thief in the night with its dreadful throttling, robbing its victim of breath; it seems beyond the power of man to relieve under such trying circumstances. A special preparation, Dr. J. D. Kellogg's Asthma Remedy. Then relief comes with a rush. It becomes worth living, and the remedy can be taken permanently; the disease is put permanently to rout. Take no substitute.

**Quite Possible**

"The evening wore on," continued the man who was telling the story.

"Excuse me," interrupted the woman, "but can you tell me what the evening wore on that occasion?"

"I don't know that it is important," replied the story-teller, quite unperturbed. "If you must know, however, I believe it was the close of a spring day."

For every dollar Canadian tourists spent in the United States in 1927, American tourists spent four dollars in Canada, it is said.

## EXPEDITION TO ARCTIC AREAS MAKES PROGRESS

Ottawa. All goes well with the Hudson's Strait expedition, both on the ice-infested sea, and in the air. Davis Strait has been crossed down from Wainman Bay and from the ice-battered Montcalm, giving the weather conditions and the position of the Montcalm. Unless something unusual happens the daily reports contain nothing else, and for some time past these meager details have been the tenor of the reports. The Montcalm today is in the straits. Making ice and current observations and gathering data for the establishment of directional wireless stations aids to navigation.

The other arctic expedition now in the far north has left Pounds Inlet in the Beothic and is making its way to Dundas Harbor, enroute to the most northerly station in the world, the R.C.M.P. post at Bache Peninsula, which is only 11 degrees from the pole, and where the night is six months long in winter.

The Beothic has safely got through the pack ice north of Bache Bay, the real danger zone of Arctic exploration. In attempting to cross in this way, Capt. McClintock, hunting for Sir John Franklin many years ago got caught in the ice and was held for a year, drifting slowly down into Davis Strait and not getting out until the following spring.

Ships crossing from Greenland can only get to the northern islands by going up along the Greenland coast, past away the ultimate destination. Then working into the pack ice and angling over to the western shores.

If a ship gets into the pack ice too soon it is liable to share McClintock's experience and be unable to get out. The Beothic, however, has successfully passed its Arctic rubicon and has made Pounds Inlet on the western coast.

### All-Canadian Phone Service

Gap Between Sudbury and Fort William Has Been Bridged

Toronto.—An all-Canadian telephone line linking Ontario and Quebec with the Twin Cities at the head of the lake and Manitoba was officially opened and the necessity of switching calls through the U.S. will thereafter be eliminated.

The Canadian Pacific Railway, Bell Telephone Co., Manitoba Government Telephone system and the municipal systems of Fort William and Port Arthur co-operated in the all Red route.

The gap to be bridged was the sparsely populated section between Sudbury and Fort William, and the connection between existing long-distance telephone systems was made via the C.P.R. right-of-way.

### Brings Message From England

Boy Scout From Westminster Going To New Westminster B.C.

Quebec.—En route to New Westminster, B.C., where he will deliver messages from the mayor of the city of Westminster, England, to the mayor of New Westminster, B.C., and from the first Westminster troop of Boy Scouts to the Westminster troop on the Pacific, Jack Turbie, a member of the British Boy Scouts, reached Canada recently on the Montnair.

He came over as a member of the crew, being a cabin boy while crossing the Atlantic.

### Hickman Case Proceeds

San Francisco, Calif.—William Edward Hickman, youthful slayer of Marion Parker, Los Angeles banker's daughter, was one step nearer the gallows today, as the state supreme court denied the petition for a re-hearing of the case. Hickman is expected to be re-sentenced to the gallows within fifty or ninety days.

### On Way To Far East

Montreal.—His Royal Highness, Prince George, the King's youngest son, will arrive in Quebec City on August 16, aboard the Empress of Australia. Prince George is on his way to the far east where he is going to join the China flagship. From Quebec he will journey by train to Vancouver.

### Fund Is Growing

Stockholm.—The cancer fund, which was begun as a birthday tribute to King Gustave on his seventieth birthday, already amounts to \$1,500,000, it was announced. The fund will be applied by His Majesty's wish to cancer treatment research.

## Crowds Welcome Noble Party

### Meet Train At Every Stop In Italian Territory

Rome.—"Viva Noble!" was the slogan of Italy as countrymen of the Polar explorer welcomed him and five other survivors of the dirigible Italia to their homeland.

Enormous crowds met the train at each stop in Italian territory, showing the returning heroes with flowers and gifts of wine, and shaking rafter of railway stations with their roars of encouragement.

The demonstrations constituted a veritable march of triumph from the northern frontier.

Premier Mussolini sent the prefect of Bolzano to welcome Noble and his men at the Brenner pass in the name of Fausto Italy. There also were striking demonstrations at Renon, Verona, Bologna and Florence.

Lieut. Alfredo Viglieri, navigator of the dirigible Italia, who was in command of the red tent encampment on the ice after Noble himself was rescued, was the centre of demonstration all his own. He left the train soon after passing the frontier and went to his home in the little town of Bortiglio Santo Spirito. En route, however, he had to stop at Milan, where the press and an enormous crowd gathered to see him.

The crowd shouted "Viva Viglieri!" and "Viva Noble!" and added: "Down with the jackals of the anti-Italian press!"

### Initial Pool Payment

Statement Made That Payment On Current Year's Crop Will Be Same As Last

Saskatoon.—The initial payment by the Wheat Pool on the current year's crop will be the same as last year, according to B. Carton, of the Central Selling Agency, representatives of district nine of the Saskatchewan Pool. This means that the first payment on the No. 1 Northern wheat delivered at Fort William will be one dollar per bushel; 97 cents for No. 2; and 92 for No. 3.

Despite the fall that wheat has taken in price during the past few months, the Central Selling Agency, Mr. Carton stated, and it has every hope of completing the crop to advantage. Discussing the cut-off date that is in demand by so many farmers, he said that he was not in favor of it, except in the exceptional circumstances of wheat falling to such a low level that the non-pool farmer, sensing the opportunity to better himself by joining the pool, attempted to come in at the last moment.

### Fewer Leaving Canada For United States

Figures For Year Just Closed Show 11,448 Less

Montreal.—Emigration from Canada into United States along the eastern section of the boundary decreased in substantial manner during the fiscal year ending June 30, 1928. Figures for the year are announced by H. R. Landis, United States Commissioner of Immigration at Montreal, head of District No. 1, which extends from Halifax to Kingston. In this district, which roughly covers the eastern boundary, emigrants admitted to the United States from Canada for permanent residence totalled 34,333 during 12 months ending June 30, 1928. For the previous year the total was 45,831 emigrants, or 11,448 more in the year just closed.

### Death Of Mrs. W. S. Fielding

Ottawa.—Mrs. Hester Fielding, wife of Right Hon. W. S. Fielding, former Canadian Minister of fisheries, died at the family residence here. She had been failing in health for nearly four years and had been almost entirely confined to her home throughout that period. Mrs. Fielding was soon to have celebrated her 90th birthday.

### Law Suits Total Millions

Budapest, Hungary.—Law-suits totalling \$300,000,000 have been instituted in the international tribunal at The Hague against the Jugo-Slavian Government by the former Archduke Frederick of Austria and 25 others. The suits are based upon confiscation of property. Frederick claims a loss of \$17,000,000.

### No Car Shortage For Croats

Winnipeg.—There is no shortage of cars for handing out this year's grain crop, which has announced, but there was every possibility that the harvest will be the heaviest in years and all of the 80,000 cars now in Western Canada, probably, will be needed.

## Civil Service Council

### Hon. Peter Heenan Wants Representatives To Meet the Government

Ottawa, Ont.—Hon. Peter Heenan, minister of labor, stated that he is issuing invitations to civil service organizations to select representatives to meet with the government in order to draft a constitution for a national civil service council. This action is in line with the report of the select standing committee on industrial and international relations, which devoted some considerable time during the recent parliamentary session to this matter. The minister has left the capital for Winnipeg.

### Plans Visit To Canada

#### Bisley Winner May Take Part In Dominion Rifle Meet

Montreal.—Arthur C. Hale, winner of the King's Prize at Bisley this year, is coming to Canada according to the eight members of Canada's 1928 Bisley rifle team, who arrived here from England. Hale, a 23-year-old gunsmith of Birmingham, had a 23-second time at Bisley, and was third in the Bisley rifle meet at Ottawa. He has been shooting eight years. His father and brother are crack shots.

It is understood that six members of the Australian team also will come to Canada for the same meet.

## BRITISH MINERS COMING TO ASSIST WITH HARVEST

London.—Arrangements have been finally concluded for 10,000 men to go from Britain to Canada to assist in this year's harvest, stated Rt. Hon. L. C. M. S. Amery, Secretary of State for the Dominions, in the House of Commons.

The Dominion Government especially wished that the men be recruited from the mining areas and the British miners would carry out the work, the minister said. He concluded much cheer.

"The British Government is greatly indebted to the Canadian government for the readiness with which they co-operated in this arrangement."

Ottawa.—The Canadian Government is not assuming any financial responsibility for the movement of the British harvesters either coming or going, it was stated at the immigration department recently. The department, however, has expressed its willingness to co-operate in every possible way in placing men who wish to stay in Canada after the harvest is over.

Under the arrangement reached, those who wish to return will have the benefit of the reduced rate they paid westward. But it is assumed that most of them will wish to remain in Canada, and the problem will then arise of their absorption without increasing winter unemployment in the cities.

Master "Kawin" and Miss "Tinlin," photographed near the Windsor Station in Montreal, with their mistress, Mrs. E. Renczak, who is having them sent to Italy for presentation to Marquis de Pinedo, the famous Italian round-the-world flier. They form a "No Good" combination, "Kawin" meaning "No" and "Tinlin" meaning "Good," in Indian dialect. Needless to say, the latter is the bear cub with a sunny disposition, and the former a young

## HEADS RETAIL MERCHANTS ASSOCIATION

J. T. Crowder, Toronto, was re-elected president of the Retail Merchants' Association of Canada at its annual general meeting.

### Grant For Class "B" Fairs

#### VIII Receives Same Assistance From Government As Given Last Year

Ottawa.—It has been decided by the government that class "B" fairs will receive the same grant in 1928 as they did in 1927. This was stated by Dr. J. H. Griddale, deputy minister of agriculture, when asked respecting a report that the government was contemplating giving these fairs some measure of assistance.

During the last session of Parliament no appropriation was made for the class "A" fairs, and although none had been done, the entire government grant in this connection going to the class "A" expositions. Considerable opposition to this has developed among the farmer element of the House of Commons and the agricultural estimates were subjected to severe criticism on this account both by friends and opponents of the government.

The deputy minister's announcement restores the former status of the class "B" fairs for the current year.

### Muskeg Keep Arctic Rescue Films

Moscow.—The Russian relief committee approved recently the refusal of aviator Chukhrovsky, or the Russian ice-breaker Krassin, to hand over to General Umberto Nobile film he took when he sighted two men of the dirigible Italia on the ice of Northeast Land. In refusing to give Nobile the originals of the film, the relief committee said Chukhrovsky was right, for he had been ordered strictly as had been other Russian rescuers, to retain all material and data gathered.

### Fire-Eater Burned

London, Ont.—Attempting to enter a few companies by igniting with a match a mouthful of gasoline, Alex Johnston, young Irish farm hand, was badly burned about the head, chest and arms when the liquid ignited too suddenly. He was blowing the gasoline toward the match flame when the liquid ignited.

## Mine Workmen Killed In Ontario Accident

### Crushed By Falling Steel Gate On Welland Canal

St. Catharines, Ont.—The crash of the steel gate of lock number six of the new Welland Canal, at Thorold, Ont., caused the deaths of at least nine workmen and injuries, some of which have proved serious, to about 30 others. About 100 were at the scene of the lock when the disaster occurred, and none is believed to have escaped death or injury.

The accident was caused by the boom of one of the cranes slipping when an effort was being made to raise a huge 500-ton steel gate into place on the West side of the lock. Two cranes were at work at the time, one handling each end of the heavy gate. The crane nearest to the head of the lock held but the boom of the crane at the lower end slipped.

The huge gate crashed into the steel gate fabric at the east of the lock and smashing the steel work fell to the bottom of the lock, crushing the workmen as it fell.

### Ottawa Crowds Greet Lieut. Desmond Burke

#### Rousing Welcome Given To Member Of Bisley Team

Ottawa.—With the plaudits of his fellow citizens ringing in his ears, Lieut. Desmond Burke, of the Governor-General's Foot Guards, who at the Bisley meet in 1924, won the King's Medal, and this year came within one point of duplicating the feat, came home.

He was accorded a spontaneous welcome by large crowds which thronged the central station, blocked his entrance and stretched several blocks along nearby streets. Among those on the platform to welcome him in addition to his parents and relatives, were Premier Mackenzie King, Mayor Arthur Ellis, and members of the board of control and the city council.

### Message From Lost Aviators

#### Note Found In Bottle Signed By Names Of Elsie Mackay and Capt. Hindcliff

London, Eng.—A bottle washed up on the shore near Flint, North Wales, Tuesday, contained a note on which was written, "Goodbye all." Beneath the brief message was signed the names of Elsie Mackay and Captain Hindcliff, and beneath the names the words "Down in fog and storm."

## C. P. R. REVISED BRANCH LINE HAS BEEN SANCTIONED

Ottawa.—The Board of Railway Commissioners has handed down a judgment approving the route map showing the revised general location of the Canadian Pacific Railway's Swift Current Northwestern branch, which projects northwesternly in a direction which, it is intended, will ultimately have as its terminus, Willingdon, Alta.

In delivering the judgment, Hon. H. A. McKeown, chief commissioner, details the history of the construction of the company's branch lines, and notes the objection of the council of the Canadian National Railways that this would be really an extension of the Cuthkin-Whitford Lake branch, from which the Canadian Pacific's Whitford Lake division, authority, counsel for the Canadian National advanced that the terminus of the Cuthkin-Whitford Lake line was at Willingdon and that the road to Strathcona could not be built as an extension of this branch.

It was further argued that the Swift Current Northwestern branch was originally projected from Swift Current to Edmonton via Empress, Cereal, Coronation, Oshat and Camrose. Of this only the portions between Swift Current and Empress, and Coronation and Lorraine had been built.

A revision of the Canadian Pacific Railway Company's plan was accorded in 1919, and the Canadian National's objection to the revised plan is taken on the ground that this is an extension of a branch line already constructed.

The chief commissioner reviewed the matter of branch line construction and recommended the diversions asked for.

## VACANCIES IN GOVERNMENT TO BE FILLED SOON

Ottawa.—A score of pending appointments face the government before the end of the present year, and considerable activity is betrayed among political leaders as to who shall be appointed and whether the appointment will be made before the prime minister leaves for Geneva or after he comes back.

Two "ministers plenipotentiary" to Paris and Tokio are to be selected with first, second, and third secretaries. At present Hon. Philippe Roy is spoken of as first Canadian minister to Paris, but no conjecture has been made as to the Dominion's representative in Japan.

There will soon be two vacancies on the railway board due to the retirement of Hon. Dr. McLean and Hon. Frank Oliver, and there already exists a vacancy on the directorate of the Canadian National Railway. In addition, it is understood that the resignation of C. A. Macrae from the international joint waterways commission may be accepted this year, which makes another important vacancy.

There are two vacant senatorships due to the death of Senator Cloran and Senator Boyer. There will also be a vacancy on the supreme court bench due to the age limit retirement of Mr. Justice Mignault, while it is further stated that J. Denis, present M.P. for Joliette, is to go to the bench in Quebec. There are two permanent government posts to be appointed in Quebec, and there is also a vacancy in the Canadian National's permanent commission to be appointed, one in Quebec and in New Brunswick, and there is also talk of the retirement of the lieutenant-governor of Saskatchewan. Two permanent commissions are believed immediate, one being the possible new radio commission, and the other some permanent commission to direct Canada's part in the St. Lawrence development.

This means at least half a dozen important commissions.

### Scores Double Victory

#### Vancouver Boy Wins Twice In Olympic Sprinting Event

Amsterdam.—Percy Williams, of Vancouver, sent the Canadian flag to the top of the Olympic pole for the second time in three days, in token of a world victory in the Olympic games. The youthful sprinting marvel won the 200 metres final against some of the finest and most experienced sprinters in the world, including Jackson Scholz, of the U.S., the title holder. Williams is the Olympic champion at 100 and 200 metres, the first double sprinter in the Olympiad of 1928.

Held For Obregon's Death

Montevideo, City.—Slater Conception Acedo, of La Paz, 32, is under arrest charged with having induced Jose Toral to assassinate General Alvaro Obregon. She is quoted by newspapers as saying: "I hope to be executed. I want to be punished." She did not admit Newt Obregon to kill Obregon, but added: "God must have wanted, otherwise we would not have permitted the crime."

To Attend Dry Congress

Washington.—For the first time the American Government will be officially represented this year at the International Congress Against Alcoholism, which convenes next month in Antwerp, Belgium. Commissioner Doran, of the Prohibition Bureau, and Harry A. Anslinger, of the State Department, have arranged to attend.

### Courtesy Is Rescued

New York.—Drifting helplessly in mid-ocean, their radio spattering occasional messages to ships, Captain Frank T. Courtney, British aviator and his three flying companions were rescued from the flying boat in which they had attempted to fly from the Azores to Newfoundland.

Visit Will Be Short

Winnipeg.—It is unlikely that the prime minister on his forthcoming Western tour will address any meetings in Saskatchewan, other than in his own constituency of Prince Albert. The haste is occasioned by the necessity of the Premier's presence in Paris at month end to sign the Kellogg outlaws of war pact.

Kellogg Going To Paris

Paris.—Secretary of State, Frank P. Kellogg, has sent word to M. Briand, Foreign Minister, that he will come to Paris to sign the multilateral treaty renouncing war, sailing from New York on the French liner *Le Sieur de France*, on August 18.

**A new Gruen Cartouche in solid gold—\$40!**

Here is truly remarkable watch value! A dainty wristlet, newly created by Gruen, with an adjusted movement cased in 14kt. solid white gold—at half the price you'd expect to pay for such a watch.

As a gift or a watch for your personal use, no more satisfactory watch purchase could possibly be made at this price. See these remarkable timepieces at our store—today!

**S. TRONO**  
Watchmaker and Jeweler

Blairmore

Alberta

In his attempted flight from the Azores to Newfoundland, Capt Frank T. Courtney was forced down at sea after travelling only 50 miles. He was picked up by a passing ship.

While moving from one pool to another in the Livingstone river on Sunday afternoon last, a bunch of fish were surprised to find James Smith, of the Cosmopolitan hotel, keeping company with them.

Dr. and Mrs. McPherson, of Ryley, formed part of a party of ten making a holiday motor trip through Southern Alberta the past week. The party stopped off in Blairmore on Monday on their way back to Calgary via the Banff-Windermere trail.

Capt. Beebe received a surprise on Monday morning, when on opening his back door to go out he found a large porcupine resting on the door-step. A representative of Cole & Rogers' circus happened along shortly afterwards and arrested the porky and now the creature represents one of the freaks of the circus menagerie.

With its last week's edition, the Pincher Creek Echo entered upon its twenty-ninth year.

Dad Harrison has a dog, which he believes is a Scotch collie because it will eat nothing but porridge.

Two things we have never found out is why moths are attracted by a flame and why the drunk in an automobile picks out a lamp post?

Mr. and Mrs. Mike Joyce, together with Mrs. Joyce's mother, are leaving Corbin on Sunday next on a brief motor trip to the coast.

The following Pincher Creek pupils of Miss Madeline Chardon were successful in the recent examinations in piano conducted by the Toronto Conservatory of Music: Junior piano—Mary Jackson, 72, honors; Frances Carlson, 72, honors; Jessie Fraser, 66, Primary piano—Mae Allison, 82, first-class honors; Doreen Jackson, 80, first-class honors; Edna McLaughlin, 77, honors; Helen Carlson, 77, honors. Elementary—Kathleen Neuman, 71, honors; Grace Allison, 66; Introductory—Eleanor Bastian, 68.

Henry Ford registered at the Cosmopolitan hotel here on Friday night.

C. J. Drobey, of the Red Star line, was in The Pass for a few days this week.

Mrs. Fielding, wife of Rt. Hon. W. S. Fielding, minister of finance in the federal cabinet from 1896 to 1911, and again in 1924, died at Ottawa on August the 1st, aged 90 years.

A local Scotchman was returning from the vendor's the other evening and fell on the sidewalk near Capt. Beebe's. Gathering himself together, he felt his trousers somewhat wet and remarked to a passer by: "I hope it's blood."

A government decree orders all Hungarian gypsies to forsake their nomadic habits, settle down in fixed abodes and take their place with ordinary folk as full-fledged and responsible subjects of the Hungarian Kingdom. Their new responsibility entails liability to military service for the males, and grants them full suffrage and the right to own property. They must abandon the costume of their forefathers which has been in style for centuries and adopt present-day European dress and speak the Hungarian language instead of using their own dialect. The decree affects about 50,000 gypsies who have hitherto lived in complete independence. They paid no taxes, did not serve in the army and were under no discipline except that of the chief of their clan, to whom they paid tribute. They live largely by petty marauding and fortune-telling.

Mar Pay is a visitor from Etzikom today.

Tommy Loughran, world's light-heavyweight boxing champion, is a native of Newfoundland.

For First-Class Work and Quick Delivery, send your HEMSTITCHING to Barton's Music & Sewing Machine Store, Fernie, B.C.

Standard "Six" Studebaker. Car for sale, in perfect condition. Price \$450. Apply to The Enterprise.

Rev. Mr. Villett, of Pincher Creek, will have charge of the service at the United church on Sunday evening. During his stay in town, Mr. Villett will be the guest of Mr. and Mrs. Fred J. Donkin.

Automobiles in New York city wreck \$18,000 worth of lamp posts each year, and 80 per cent of the accidents are due to intoxicated drivers. New York is located in a very dry country (?)

The Galt Reporter states: The editor refuses to publish obituary notices of persons who, while living, failed to subscribe for his paper. He explains it this way: "People who do not take their home paper are dead, anyway, and their passing away has no news value."

**NOTICE**

Applications will be received by the Township Secretary-Treasurer of the Town of Blairmore up to and later than 5 p.m. Tuesday, August 14th, for the position of constable and works foreman. Salary \$150 per month. ARTHUR J. KELLY, Secretary-Treasurer.

Blairmore, Alberta, August 8th, 1928.

**NOTICE**

ELECTRIC LIGHT DEPARTMENT

Attention of residents of the Town of Blairmore is called to the following provisions as contained in By-Law No. 64-A., subsection 4:

"No person shall, without the written permission of the Council or the chairman of the Light Committee, make any alteration, connection or extension in the wiring installation at present in his dwelling or other building under his control, whereby such circuit is intended to be wholly or partially diverted, or make or cause to be made any installation of wiring for lighting or other purposes other than those for which it is intended."

Action will be taken against any party attempting to act in contravention of the foregoing, and such party will be liable upon summary conviction to a fine not exceeding fifty dollars and costs."

By Order of The Council,  
ARTHUR J. KELLY,  
Secretary-Treasurer.

M. Hamilton,  
For Chairman of Light Committee.

**TENDERS WANTED**

SEALED TENDERS will be received by the Secretary-Treasurer of the Town of Blairmore up to noon of Monday, August 20th, for the following:

Concrete Crossings at Second, Sixth, Seventh, Eighth, Ninth, and Tenth Avenues, approximately 250 feet long by six feet wide.

Concrete Sidewalks on Victoria Street, from Beebe's corner to the corner of Second Avenue, 1199, foot long by four feet wide.

Concrete Sidewalk 387 feet long by four feet wide on Second Avenue.

Marked cheque for 5% of tender must accompany each tender, same to be returned promptly to unsuccessful tenderer.

All work to be done in accordance with specifications and plans, which may be obtained from the secretary-treasurer.

Dated at Blairmore, Alberta, this 8th day of August, 1928.

ARTHUR J. KELLY,  
Secretary-Treasurer.
